

# **Eternity**

*(words & music by C. Denise Young )*

1)           **Every knee will bow, and every tongue confess**  
**Jesus is Lord, when we see eternity**  
**For the ones who've never called, nor confessed His Name**  
**Damnation will be their eternity**

*Chorus)*   **Don't play games with your soul, For in the end, you will see eternity**  
**Eternity . . . Where will you be? When you see eternity?**

2)           **He'll stretch forth His hands, Separate the sheep from the goat**  
**And it will be eternity**  
**And in that place where the worms never die, and the fire is not quenched**  
**The goats will see their eternity**

3)           **The words of this song I wish I never had to sing**  
**But I must let you know that soon it will be eternity**  
**Your blood will be on my hands if I don't tell of both lands**  
**And one land will be Hell's Eternity . . . Hell's Eternity!**
