

Forever Home

(words & music by C. Denise Young)

**My loved one that I see is not the person really there,
Your spirit has found its final rest in the Father's care
And the love you left behind will last a whole life long,
Now that you're with Jesus, you're forever home.**

**Forever healed, no more pain, Forever free, no more chains,
Forever safe, no more fears, Forever joy, no more tears,
Although I've said goodbye for now, I know you're not alone
For in the arms of Jesus, you're forever home.**

**In this valley of shadows, I'll see the Savior's light,
And know that death is overcome with resurrection life
Death, you have no victory, Grave, you have no sting,
To leave this body is to be with God,
Forever home, forever to sing...**

**Forever healed, no more pain, Forever free, no more chains,
Forever safe, no more fears, Forever joy, no more tears,
Although I've said goodbye for now, I know you're not alone
For in the arms of Jesus, you're forever home.**

**From perfection to perfection, a journey safe from harm,
From a loving heart on earth straight to the Father's arms.**

**Forever healed, no more pain, Forever free, no more chains,
Forever safe, no more fears, Forever joy, no more tears,
Although I've said goodbye for now, I know you're not alone
For in the arms of Jesus, you're forever home.**

In the arms of Jesus, Eric, you're forever home.
