

Love Has Come

(words & music by C. Denise Young)

1)

Love that set my sights on high

Love that never let me die

Has gone because my thoughts were turned

To myself instead of to Your Word

Cares and worries of this life

Choked my heart, left my spirit dry

Oh, Lord, create in me again

Worship, praise, adoration!

Chorus A)

Love that soared, Love that conquered all

Problems that seemed so big suddenly became small

First love gone, come love and fill my soul

Come love and bathe my heart

Come love and take control, take control

2)

**Speak Your Word, I feel Your peace
Power flows and the darkness flees
For when I hide Your Word in me
Then Your truth can set me free**

(Chorus A)

3)

**Worship, worship You, Oh Christ
This is my sacrifice
For when I lift You up in praise
Then love comes, my soul You raise!**

Chorus B)

**Love now soars, Love now conquers all
Problems that seemed so big suddenly become small
LOVE HAS COME, Your love has filled my soul
Your love has bathed my heart
Your love has made me whole, made me whole.**
