

More of the Father's Love

words & music by C. Denise Young

(Verse 1)

**Bleeding and dying, lay the wounded man
Workers of darkness had stolen all he had
And those who taught the Law, turned from what they saw
Walked the other way, away from mercy.**

(Verse 2)

**The humble Samaritan carried the wounded man
Pouring on oil and wine, and gave of all he had
He fulfilled the Law, by loving a broken heart
He walked the road of love, the way of mercy.**

(Chorus 1)

**Bind up the wounded, apply the Balm of Gilead with love
Break the chains of bondage, apply the Balm of Gilead with love
Heal the broken hearted, apply the Balm of Gilead with love
Bring the joy of Good News, apply the Balm of Gilead with love**

(Verse 3)

A woman bound by sin, blinded through the years

**Found Your love, You took her shame, and wiped away her tears
And the road to Holiness, where hearts of stone become flesh
Is walking the road of love, the way of mercy.**

(Chorus 2)

**The power of love breaks the power of sin
The power of love makes us whole again
The power of love, breaks the power of sin
The power of love brings us home again**

(Tag)

**What we need is more love, more of the Father's love
What we need is more love, more of the Father's love
What we need is more love, more and more of the Father's love
What we need is more love.**

(Chorus 2 & Tag)

**The power of love breaks the power of sin
The power of love makes us whole again
What we need is more love, more of the Father's love**

(For) the power of love, breaks the power of sin

The power of love brings us home again

What we need is more love, more and more of the Father's love

What we need is more love.
