

Nothing Left To See

(words and music by C. Denise Young)

(Verse 1)

Lost within my childhood dreams
In the back of my mind were plans of what I would be
Oh, but you, who knew my heart's desire
Took away the false ideas and set me free

(Chorus)

And now there's nothing left to see
Now that you've shown me who to be
I searched the world to find you
And now I just can't hide
The joy I received when you set my heart free to be me

(Verse 2)

Caught without security
Tired of the counterfeit world surrounding me
Oh, but you, immersed me in your love
And only you, only you my God know what I need
