

Rest in Me

(words & music by C. Denise Young & Kim Wilson)

1) I know the pain you're going through
Has there ever been a time I wasn't there for You?
You let fear begin to play its part,
Have I ever let you down, beloved of My heart?
When you're tired, can't face another day
Be still, be still, and hear Me say . . .

Chorus) Rest in Me, put your cares all aside
Rest in Me, just give Me your life
My burden is light, My way is peace
My child, rest in Me.

2) Since time began, I planned the best for you
And I sent My only Son to reach out to you
His blood, He shed to wash away your sin
A new hope I've given you, the gift of life again
My perfect love will guide me all the way
Be still, be still, and hear Me say . . .
